Invisible sulfur-based spot treatment transforms from liquid to patch to soothe, clear, and help prevent future breakouts. Suitable for use during pregnancy. Consult your doctor with any concerns. Apply as soon as you feel a blemish forming – and help stop breakouts before you can even see them. Camphor delivers a cooling sensation. Skin-mimicking film forms a semi-permeable patch that allows airflow while protecting skin from pollution and irritants. 5% Colloidal Sulfur helps combat breakouts for rapid skin clearing. 4% Niacinamide helps soothe skin and fade post-breakout marks. Proprietary TT Technology and calming Polylysine work with skin's natural microbiome to help minimize oil. Polyphenol-rich Pomegranate extract helps smooth skin.
