Purpose

Topical analgesic

Uses

temporarily relieves minor pain associated with:

- arthritis
- simple backache
- muscle strains
- sprains
- bruises
- cramps

Warnings

For external use only

When using this product

- read inside of carton before using
- use only as directed. Read and follow all directions and warnings on this carton/label.
- avoid contact with the eyes and mucous membranes
- rare cases of serious burns have been reported with products of this type
- do not bandage tightly or apply local heat (such as heating pads) or a medicated patch to the area of use
- do not apply to wounds or damaged, broken or irritated skin

- do not use at the same time as other topical analgesics
- a transient burning sensation may occur upon application but generally disappears in several days
- if severe burning occurs, discontinue use immediately and read inside carton for important information
- do not expose the area treated with product to heat or direct sunlight
- avoid applying into skin folds

Stop use and ask a doctor if

- condition worsens
- redness is present
- irritation develops
- symptoms persist for more than 7 days or clear up and occur again within a few days
- you experience signs of skin injury, such as pain, swelling, or blistering where the product was applied

If pregnant or breast-feeding

ask a health professional before use.

Keep out of reach of children.

If swallowed, get medical help or contact a Poison Control Center right away.

Directions

adults and children over 18 years:

- squeeze desired amount of Capzasin Quick Relief Gel onto affected area
- using the sponge-top applicator, massage dispensed gel into painful area until thoroughly absorbed
- repeat as necessary, but no more than 3 to 4 times daily
- **IF MEDICINE COMES IN CONTACT WITH HANDS, WASH WITH SOAP AND WATER**

children 18 years or younger: ask a doctor
