

**GENEXA ACETAMINOPHEN PM EXTRA STRENGTH- acetaminophen tablet, coated**  
**Genexa Inc.**

-----  
**Acetaminophen PM Extra Strength Caplets**

***Drug Facts***

***Active ingredients (in each caplet)***

Acetaminophen 500 mg

Diphenhydramine HCl 25 mg

***Purpose***

Pain reliever

Nighttime sleep aid

***Uses***

temporarily relieves occasional headaches and minor aches and pains with accompanying sleeplessness

***Warnings***

**Liver warning:** This product contains acetaminophen.

Severe liver damage may occur if you take

- more than 4,000 mg of acetaminophen in 24 hours
- with other drugs containing acetaminophen
- 3 or more alcoholic drinks every day while using this product

**Allergy alert:** acetaminophen may cause severe skin reactions. Symptoms may include:

- skin reddening
- blisters
- rash

If a skin reaction occurs, stop use and seek medical help right away.

**Do not use**

- with any other drug containing acetaminophen (prescription or nonprescription). If you are not sure whether a drug contains acetaminophen, ask a doctor or pharmacist.
- with any other product containing diphenhydramine, even one used on the skin
- in children under 12 years of age
- if you have ever had an allergic reaction to this product or any of its ingredients

**Ask a doctor before use if you have**

- liver disease
- glaucoma
- a breathing problem such as emphysema or chronic bronchitis

- trouble urinating due to an enlarged prostate gland

**Ask a doctor or pharmacist before use if you are**

- taking the blood thinning drug warfarin
- taking sedatives or tranquilizers

**When using this product**

- drowsiness will occur
- avoid alcoholic drinks
- do not drive a motor vehicle or operate machinery

**Stop use and ask a doctor if**

- sleeplessness persists continuously for more than 2 weeks. Insomnia may be a symptom of serious underlying medical illness.
- pain gets worse or lasts more than 10 days
- fever gets worse or lasts more than 3 days
- redness or swelling is present
- new symptoms occur

These could be signs of a serious condition.

**If pregnant or breast-feeding,** ask a health professional before use.

**Keep out of reach of children.**

**Overdose warning:** In case of overdose, get medical help or contact a Poison Control Center right away (1-800-222-1222). Prompt medical attention is critical for adults as well as for children even if you do not notice any signs or symptoms.

**Directions**

- **do not take more than directed (see Overdose warning)**

---

adults and children 12 years and over	<ul style="list-style-type: none"><li>• take 2 caplets at bedtime if needed</li><li>• do not take more than 2 caplets in 24 hours, unless directed by a doctor</li></ul>
children under 12 years	ask a doctor

---
