Warnings

WARNINGS: Do not swallow. Keep out of reach of children under 12 years of age. Read all instructions and prescribing information before using this product. Don't freeze or expose to extreme heat.

Note: Sensitive teeth may indicate a serious problem that may need prompt care by a dentist. See your dentist if the problem persists or worsens. Do not use this product longer than 4 weeks unless recommended by a dentist or physician.

Package Label and Instructions for use

INDICATIONS: A caries preventive and sensitive teeth toothpaste.

ACTIVE INGREDIENT: Potassium Nitrate 5.0%, Sodium Fluoride 1.1% (5000 ppm fluoride)

DIRECTIONS FOR USE: This prescription toothpaste is recommended for adults and children 12 years of age and older. For patients under age 12, consult a dental professional. Use daily in place of a conventional toothpaste. Follow these instructions unless otherwise instructed by a dentist or physician.

1. Apply a thin ribbon of Fluorimax® 5000 Sensitive Toothpaste to toothbrush and brush teeth thoroughly for two minutes.
2. After brushing, adults should spit, but not rinse. Children should spit after brushing and then rinse mouth thoroughly with water.
Fluorimax® 5000 Sensitive Toothpaste can be used in place of your regular toothpaste based on the recommendation of your dentist or physician.
WARNINGS: Do not swallow. Keep out of reach of children under 12 years of age. Read all instructions and prescribing information before using this product. Do not freeze or expose to extreme heat.

Note: Sensitive teeth may indicate a serious problem that may need prompt care by a dentist. See your dentist if the problem persists or worsens. Do not use this product longer than 4 weeks unless recommended by a dentist or physician
