

WART REMOVER GEL- wart remover gel gel
Premier Brands of America Inc.

Premier Brands Wart Remover Gel

Active ingredient

Salicylic acid 17%w/w

Purpose

Wart remover

Use

- for the removal of common and plantar warts. The common wart is easily recognized by the rough 'cauliflower-like' appearance of the surface.
- Plantar wart is recognized by its location only on the bottom of the foot, its tenderness and the interruption of the footprint pattern.

Warnings

For external use only.

Flammable

- keep away from fire and flame

Do not use

- if you are a diabetic or have poor blood circulation, except under the advice and supervision of a doctor or podiatrist

Do not use on

- moles, birthmarks and warts with hair growing from them
- mucous membranes such as nose, anus, genitals and lips
- irritated, infected or reddened skin
- genital warts and warts on the face

When using this product

- if product gets into the eyes, flush with water for 15 minutes
- avoid inhaling vapors

If discomforts persists

if discomforts persists see your doctor or podiatrist

Keep out of reach of children.

If swallowed, get medical help or contact a Poison Control Center right away.

Directions

- after washing affected area, soak wart in for 5 minutes in comfortably warm water
- dry area thoroughly
- gently squeeze a drop of gel from tube and apply to wart. Apply one drop at a time to sufficiently cover each wart
- let dry
- repeat this procedure once or twice daily (until wart is removed) for up to 12 weeks

Other information

store between 59°F to 86°F (15°C to 30°C)

Inactive ingredients
