LAC-HYDRIN FIVE®
Moisturizing Lotion

LAC-HYDRIN FIVE®

DRY SKIN CARE FOR ELBOWS, KNEES, FEET, AND HANDS

Lactic acid buffered with ammonium hydroxide makes LAC-HYDRIN FIVE® a moisturizer unlike any other.

It is dermatologically tested, and guaranteed to soften and smooth even the body's roughest, driest skin - yet it's gentle enough to use on the face.

LAC-HYDRIN FIVE® absorbs quickly without leaving a greasy feel. And it's fragrance-free and non-comedogenic - designed not to clog pores and cause acne.

INSTRUCTIONS: For best results, apply to dry skin twice a day. Avoid contact with eyes. For external use only.

CONTAINS: Water, lactic acid, ammonium hydroxide, glycerin, petrolatum, squalane, steareth-2, POE-21-stearyl ether, propylene glycol dioctanoate, cetyl alcohol, dimethicone, cetyl palmitate, magnesium aluminum silicate, diazolidinyl urea, methylchloroisothiazolinone, and methylisothiazolinone.

Sunburn Alert: This product contains an alpha hydroxy acid (AHA) that may increase your skin's sensitivity to the sun and particularly the possibility of sunburn. Use a sunscreen, wear protective clothing, and limit sun exposure while using this product and for a week afterwards.

If you have any questions or comments about LAC-HYDRIN FIVE®, please call 1-888-RANBAXY.
