

**ACETYLSALICYLIC ACID- aspirin tablet, chewable**  
**Sergeant's Pet Care Products LLC**

*Disclaimer: This drug has not been found by FDA to be safe and effective, and this labeling has not been approved by FDA. For further information about unapproved drugs, click here.*

-----  
**PetArmor Canine Aspirin 300 mg**

**ACTIVE INGREDIENT (in each tablet)**

Acetylsalicylic Acid (Aspirin) 300 mg

**PRECAUTIONS:**

Safe use in pregnant animals or animals intended for breeding has not been proven.

Do not use in dogs that are sensitive to aspirin or dogs with concurrent gastrointestinal disease or ulcers, bleeding problems, and in those with liver or kidney impairment.

If lameness persists for more than three days, discontinue use, and contact a veterinarian.

Do not give aspirin to dogs concurrently on anticoagulants or on medication to treat arthritis unless directed to do so by a veterinarian.

If vomiting, diarrhea, lethargy, loss of appetite, or darkening of the stool occurs, stop administration, and consult a veterinarian.

**WARNINGS:**

For oral use in dogs only. This medication should be given within 30 minutes after the dog has ingested an amount of food equal to 1/3 or more of its normal daily amount.

Keep out of reach of the children and animals.

***This product should not be given to cats, puppies less than 6 months old, or dogs under 51 pounds in weight.***

In case of accidental ingestion, contact a health professional immediately.

**DIRECTIONS FOR USE:**

Consult your veterinarian prior to administering this product. Individual results may vary.

---
