

**LA ROCHE POSAY LABORATOIRE DERMATOLOGIQUE ANTHELIOS CLEAR SKIN
FACE OIL FREE DRY TOUCH BROAD SPECTRUM SPF 60 SUNSCREEN WATER
RESISTANT 80 MINUTES- avobenzene, homosalate, octisalate and
octocrylene lotion
L'Oreal USA Products Inc**

Drug Facts

Active ingredient

Avobenzene 3%

Homosalate 15%

Octisalate 5%

Octocrylene 7%

Purpose

Sunscreen

Uses

- helps prevent sunburn
- if used as directed with other sun protection measures (see **Directions**), decreases the risk of skin cancer and early skin aging caused by the sun

Warnings

For external use only

Do not use

on damaged or broken skin

When using this product

keep out of eyes. Rinse with water to remove.

Stop use and ask a doctor if

rash occurs

Keep out of reach of children.

If swallowed, get medical help or contact a Poison Control Center right away.

Directions

For sunscreen use:

- apply generously 15 minutes before sun exposure
- reapply:
 - after 80 minutes of swimming or sweating
 - immediately after towel drying
 - at least every 2 hours
- **Sun Protection Measures.** Spending time in the sun increases your risk of skin cancer and early skin aging. To decrease this risk, regularly use a sunscreen with a Broad Spectrum SPF value of 15 or higher and other sun protection measures including:
 - limit time in the sun, especially from 10 a.m. – 2 p.m.
 - wear long-sleeved shirts, pants, hats, and sunglasses
- children under 6 months of age: Ask a doctor

Other information

protect the product in this container from excessive heat and direct sun

Inactive ingredients

water, silica, dicaprylyl carbonate, styrene/acrylates copolymer, butyloctyl salicylate, methyl methacrylate crosspolymer, nylon-12, PEG-100 stearate, glyceryl stearate, perlite, beeswax, ammonium polyacryloyldimethyl taurate, phenoxyethanol, PEG-8 laurate, behenyl alcohol, sodium stearyl glutamate, chlorphenesin, p-anisic acid, xanthan gum, tocopherol, disodium EDTA, arachidyl alcohol, diethylhexyl syringylidenemalonate, propylene glycol, cassia alata leaf extract, maltodextrin, stearyl alcohol, t-butyl alcohol, caprylic/capric triglyceride

1-888-LRP-LABO 1-888-577-5226

Monday - Friday (9 a.m. - 5 p.m. EST)

Dermatologists know that: **UVA rays are responsible for more than 80% of skin aging** (fine lines, wrinkles, sagging, dark spots) and are the main cause of sun intolerances.

All year-long, even in cloudy weather, in the city or through glass, UVA rays penetrate the skin down to the dermis layer. This is why dermatologists recommend using a daily, broad spectrum UVA/UVB sunscreen in conjunction with other sun protection measures (see **Directions**), to help prevent early skin aging and sun reactions.

A pioneer in sun protection research for over 15 years, La Roche-Posay, with **ANTHELIOS**, is trusted by dermatologists worldwide for its advanced formulations in UVA protection.

Dermatological safety: **ANTHELIOS CLEAR SKIN Dry Touch Sunscreen** has been formulated and rigorously tested for optimal skin tolerance.

BREAKTHROUGH INNOVATION

Introducing, **ANTHELIOS CLEAR SKIN Dry Touch Sunscreen** with a fast-absorbing texture that won't cause breakouts and leaves skin appearing matte with a clean feel finish. Skin is protected, without feeling oily or greasy.

Properties:

- 1. Breakthrough texture**
A lightweight formula with a blotting-effect texture that won't clog pores or cause breakouts and is allergy tested.
- 2. A unique oil-absorbing complex**
Powered by Perlite & Silica known for their anti-shine properties to help absorb excess oil.
- 3. UVA/UVB protection + antioxidants - Powerful CELL-OX SHIELD XL™**
A combination of photostable UVA/UVB filters chosen for its synergistic effect to deliver broad-spectrum protection.

With Senna Alata, a tropical leaf extract known to defend skin cells¹ against damaging free radicals.

Results:

Helps absorb oil so skin stays matte and shine-free. Decreases the risk of skin cancer and early skin aging caused by the sun if used as directed with other sun protection measures (see **Directions**).
