DIRECTIONS:

Consult your Ecolab representative for specific use instructions and recommended dispensing equipment.

IMPORTANT: Do not mix Eco-Gard 50 S.A. with water, any other teat dips, or other products unless specified in product use instructions. If transferred from this container to another, make sure that the other container is thoroughly pre-cleaned and bears the proper container labeling for Eco-Gard 50 S.A. If product in dip cup becomes visibly dirty, discard contents and replenish with undiluted product. Do not reuse or return any unused product to the original container.

Before Milking: Wash teats thoroughly just prior to next milking with appropriate udder wash solution or pre-milking teat dip to avoid contamination of milk. Teats should then be dried with single-service towels. Use proper procedures for udder washing or pre-dipping.

Directions for Teat Dipping

Pre-Milk Dipping: Fill teat dip cup with Eco-Gard 50 S.A. Do not dilute. Before each cow is milked, dip each teat full length into the teat dip cup containing Eco-Gard 50 S.A. Wipe teats dry after dipping, using single-service towels to avoid contamination of milk.

Post-Milk Dipping: Immediately after each milking, use Eco-Gard 50 S.A. at full-strength. Dip each teat full-length into the teat dip cup containing Eco-Gard 50 S.A. Allow to air dry. Do not wipe. Always use fresh, full-strength Eco-Gard 50 S.A. Do not turn cows out in freezing weather until Eco-Gard 50 S.A. is completely dry.

Directions for Teat Spraying

Pre-Milk Spraying: Before each cow is milked, spray entire teat with Eco-Gard 50 S.A. Wipe teats after spraying using single-service towels to avoid contamination of milk.

Post-Milk Spraying: Immediately after each milking, use Eco-Gard 50 S.A. at full-strength. Spray entire teat with Eco-Gard 50 S.A. Allow to air dry. Do not wipe. Always use fresh, full-strength Eco-Gard 50 S.A. Do not turn cows out in freezing weather until Eco-Gard 50 S.A. is completely dry.

Expanded Usage: When freshening cows, begin dipping teats twice daily for about 10 days before calving.
PRECAUTION: Eco-Gard 50 S.A. is not intended to cure or help the healing of chapped or irritated teats. As with any germicide, irritation or sensitization may occur in sensitive animals. In case of teat irritation or chapping, have the condition examined and, if necessary, treated by a veterinarian.
