Stay Pure Acne Treatment Lotion

Drug Facts

Medicinal Ingredient/Active Ingredient

Salicylic Acid 2.0% w/w

Purpose

Acne Medication

Uses

For the treatment of acne.

Warnings

For external use only

- **When using this product** with other topical acne medications at the same time or immediately following use of this product, may increase dryness or irritation of the skin. If this occurs, only one medication should be used unless directed by a health care practitioner
- Avoid contact with eyes; If contact occurs, rinse with water to remove
- Discontinue use if excessive skin irritation develops or increases. If irritation persists, consult a health care practitioner.
- **Keep out of reach of children.** If swallowed, get medical help or contact a poison control center right away.

Directions

Cleanse the skin thoroughly before applying the medication

- Cover the entire affected area with a thin layer one to three times daily or as directed by a health care professional
- Because excessive drying of the skin may occur, start with one application daily and then gradually increase to two or three times daily if needed. If bothersome dryness or peeling occurs, reduce application to once a day or every other day.
- Keep carton for additional directions and warning information.

Medicinal Ingredient/Actif

Ingredient:
actif : Salicylic Acid 2.0% w/w
Purpose /Usage: Acne Medication/Médicament contre l'acné

Uses : For the treatment of acne.
Usages : Pour le traitement de l'acné

Warnings: For external use only

• When using this product with other topical acne medications at the same time or immediately following use of this product, may increase dryness or irritation of the skin. If this occurs, only one medication should be used unless directed by a health care practitioner. • Avoid contact with eyes. • Contact occurs, rinse with water to remove. • Discontinue use if excessive skin irritation develops or increases. • If irritation persists, consult a health care practitioner. • Keep out of reach of children. If swallowed, get medical help or contact a poison control center right away. • **Avertissement :** Pour usage externe seulement. • Lorsque vous utilisez ce produit avec d'autres médicaments topiques pour l'acné en même temps ou suivant immédiatement l'usage de ce produit, peut augmenter le dessèchement ou l'irritation de la peau. Si cela se produit, seulement un médicament va être utilisé, sauf si ordonné par un praticien de la santé. • Éviter le contact avec les yeux. • Si le contact se produit, rincer avec de l'eau pour l'enlever. • Discontinuer l'usage si vous développez des irritations excessives de la peau ou une augmentation. Si les irritations persistent, consulter un praticien de la santé. • **Garder hors de la portée des enfants.** Si avalé, obtenir de l'aide médicale ou contacter un centre de contrôle des poisons immédiatement.

Directions:

Cleanse the skin thoroughly before applying the medication. • Cover the entire affected area with a thin layer once to three times daily or as directed by a health care professional. • Because excessive drying of the skin may occur, start with one application daily and then gradually increase to two or three times daily if needed. • If bothersome dryness or peeling occurs, reduce application to once a day or every other day. • Keep caution for additional directions and warning information. **Mode d'emploi :** Nettoyer la peau à l'ord avant d'appliquer le médicament. • Couvrir l'entière région affectée avec une mince couche d'une à trois fois par jour ou selon les directives d'un professionnel de la santé. • Parce que le dessèchement excessif de la peau peut se produire, commencer avec une application par jour et augmenter graduellement à deux ou trois fois par jour si besoin. Si des dessèchements désagréables ou pelage se produisent, réduire l'application à une fois par jour ou à tous les deux jours. • Garder l'emballage pour des
