■ simple backache ■ arthritis ■ strains ■ bruises ■ sprains

Warnings

For external use only

Allergy alert: This product contains natural rubber latex which may cause allergic reactions.

Do not use

- on wounds
- on irritated or damaged skin
- if you are allergic to any ingredient in this product

Ask a doctor or pharmacist before use if you have

- any concerns about using this product

When using this product

- avoid contact with the eyes or mucous membranes
- do not bandage tightly
- do not apply heat to the area in form of heating pads, hot water bottles, or lamps (doing so increases the risk of serious burns)
- avoid placing on extremely hairy areas of skin to avoid irritation upon removing the plaster

Stop use and ask a doctor if

- condition worsens
- symptoms persist for more than 7 days
- symptoms clear up and occur again within a few days

- excessive irritation of the skin develops
- nausea, vomiting, abdominal discomfort, diarrhea, or skin rash occurs
- you feel actual pain or experience blistering or burning after application (it is normal to feel a warming or cooling sensation)
- when using for pain of arthritis:
- pain persists for more than 10 days
- redness is present
- in conditions affecting children under 12 years of age

Keep out of reach of children to avoid accidental poisoning. If swallowed, get medical help or contact a Poison Control Center right away.

Directions

- adults and children 2 years of age and older: remove the protective film from the plaster. Apply to affected area not more than 3 to 4 times daily.
- children under 2 years of age: consult your physician.

Other information

- keep plasters tightly closed in the zip-lock pouch
- store at 15 to 30 C (59 to 86 F) in a dry place away from sunlight
