

MDSOLARSCIENCES SPF50 PLUS ULTRA MINERAL SCREEN - titanium dioxide and zinc oxide gel

Ecometics, Inc

Disclaimer: Most OTC drugs are not reviewed and approved by FDA, however they may be marketed if they comply with applicable regulations and policies. FDA has not evaluated whether this product complies.

Drug Facts

Active Ingredients

Titanium Dioxide 10.3%Sunscreen

Zinc Oxide 5.5%Sunscreen

Uses

Helps prevent sunburn

Higher SPF gives more sunburn protection

Warnings

For external uses only.

When using this product
keep out of eyes. Rinse with water to remove.

Stop use and ask a doctor if
rash or irritation develops and lasts.

Keep out of reach of children.

If swallowed, get medical
help or contact a Poison Control Center right away

Directions

Apply liberally and uniformly to all exposed areas 15-20 minutes before sun exposure.
Rub in well. Reapply often (every 2 hours) and after swimming, excessive perspiration and washing.
Children under 6 months of age ask a doctor. Effective sun protection for children under 2 years
of age is strongly recommended.

Other Information

Sun alert: Limiting sun exposure, wearing protective
clothing, and using sunscreen may reduce the risk of skin
aging, skin cancer, and other harmful effects of the sun.

May stain clothing.

You may report serious adverse reactions to Report Reactions, LLC, PO Box 22, Plainsboro, NJ
08536-0222

A complete sun protection routine can help to reduce photo-aging and the incidence of skin cancer.

The use of broad spectrum (UVA and UVB) sunscreens is only one element of safer sun practices. It is also important to take the following sun-safety measures:

SUN SAFE TIPS:

Wear Protective Clothing

A long sleeved shirt, pants, a wide-brimmed hat and sunglasses should be worn where possible.

Seek Shade

Remember that the sun's rays are strongest between 10am and 4pm. Learn the UV Index and be aware of the strength of the sun's rays.

Avoid Tanning Beds

UV light from the sun and tanning beds may cause skin cancer and wrinkling.

Get Vitamin D Safely

Add vitamin supplements to a healthy diet in consultation with your physician.
