

COLD EEZE- zinc gluconate lozenge
JHK Inc dba American Safety & First Aid

Disclaimer: This homeopathic product has not been evaluated by the Food and Drug Administration for safety or efficacy. FDA is not aware of scientific evidence to support homeopathy as effective.

Cold Eeze®

Drug Facts

Active Ingredient (per lozenge)

Zinc Gluconate 2X HPUS (2.3%) (13.3mg Zinc)

The letters 'HPUS' indicate that the active ingredient is in the official Homeopathic Pharmacopoeia of the United States.

Purpose

Cold Remedy

Uses

- Reduces the duration of the common cold
- Reduces the severity of cold symptoms: cough, sore throat, nasal congestion, post nasal drip and/or hoarseness

Warnings

Do not use for treatment of influenza or allergies. The product is only intended to reduce the duration of the common cold and its symptoms.

Ask a doctor or pharmacist before use if you are taking minocycline, doxycycline, tetracycline or are on coumadin therapy. Zinc treatment may inhibit the absorption of these medicines.

When using this product do not take on an empty stomach (to avoid possible minor stomach upset).

Stop use and ask your doctor if symptoms persist beyond 7 days.

If pregnant or breastfeeding, ask a health professional before use.

Keep out of reach of children. In case of overdose, get medical help or contact a Poison Control Center right away.

Directions

- Take one lozenge at the onset of symptoms
- Dissolve the entire lozenge in the mouth

- Do not chew
- Do not swallow whole
- Do not eat or drink for 15 minutes after use
- Repeat every 2-4 hours until symptoms subside.

Adults 18 years and over - do not exceed 6 lozenges per day

Children 12 - 18 years - do not exceed 4 lozenges per day

Children under 12 years - ask a doctor before use

Other Information

- Store in a cool, dry place after opening
- Best if used within 6 months after opening

Inactive Ingredients

Corn syrup, glycine, natural flavors and sucrose
