- may provide a cooling sensation
- can help distract from pain
- aids in protecting anorectal areas
- temporary relief of irritation

Warnings

For external use only

Allergy Alert

- Certain persons can develop allergic reactions to ingredients in this product

When using this product

- do not exceed the recommended daily dosage unless directed by a doctor
- do not put this product into the rectum by using fingers or any mechanical device or applicator

Stop use and ask a doctor

- if the symptom being treated does not subside or if redness, irritation, swelling, pain, or other symptoms develop or increase
- if bleeding occurs
- if condition worsens or does not improve within 7 days

If pregnant or breast-feeding, ask a health professional before use.

Keep out of reach of children.

If swallowed, get medical help or contact a Poison Control Center right away.

Directions

Adults: When practical, cleanse the affected area with mild soap and warm water and rinse thoroughly. Gently dry by patting or drying with a tissue or a soft cloth before

applying cream. When first opening the tube, remove cap and lift foil safety seal from tube. Apply externally to the affected area up to 6 times daily.

Children under 12 years of age: consult a doctor.
