The BHI Story

Dr. Reckeweg, M.D. believed that health comes from light—the sun gives life to plants, and plants give health to humans.

In the late 1930's, Dr. Reckeweg found that using multi-ingredient plant-based remedies gave his patients more relief than single-ingredient ones. His homeopathic remedies soon became the most popular ones in Germany.

After relocating to the sunny high desert of New Mexico, he founded the BHI brand in 1979. For over 40 years we have been faithful to Dr. Reckeweg's "sunny" philosophy which has given thousands of Americans "dazzling" relief—if you don't agree, return the empty bottle and receipt for a full refund (visit MediNatura.com for details).
