Purpose

Acne Treatment

Uses

- For the management of acne
- Reduces the severity of oiliness and smooths complexion
- Helps prevent the development of new acne blemishes

Warnings

For external use only

Using other topical acne medications at the same time or immediately following use of this product may increase dryness or irritation of the skin. If this occurs, only one medication should be used unless directed by a doctor.

Keep out of reach of children.

When using this product

- Avoid contact with the eyes
- If contact occurs, rinse thoroughly with water
- Do not leave pad on skin

Sunburn Alert

This product contains a beta hydroxy acid (BHA) that may increase your skin's sensitivity to the sun and particularly the possibility of sunburn. Use a sunscreen, wear protective clothing, and limit sun exposure while using this product and for a week afterwards.

Directions

- Clean the skin thoroughly before applying this product
- Cover the entire affected area with a thin layer and rinse thoroughly one to three times daily
- Because excessive drying of the skin may occur, start with one application daily, then

- gradually increase to two or three times daily if needed or as directed by a doctor
- If bothersome dryness or peeling occurs, reduce application to once a day or every other day
