Colgate® Sensitive Pro Relief™ Whitening 4.0oz Fluoride Toothpaste

Drug Facts

Active ingredients	Purpose
Potassium nitrate 5%	Antisensitivity
Sodium fluoride 0.24% (0.14% w/v fluoride ion)	Anticavity

Uses

- builds increasing protection against painful sensitivity of the teeth to cold, heat, acids, sweets or contact
- helps protect against cavities

Warnings

When using this product, if pain/sensitivity still persists after 4 weeks of use, please visit your dentist.

Stop use and ask a dentist if the problem persists or worsens. Sensitive teeth may indicate a serious problem that may need prompt care by a dentist.

Keep out of reach of children. If more than used for brushing is accidentally swallowed, get medical help or contact a Poison Control Center right away.

Directions

adults and children 12 years of age and older	apply at least a 1-inch strip of the product onto a soft bristle toothbrush. Brush teeth thoroughly for at least 1 minute twice a day (morning and evening) or as recommended by a dentist or physician. Make sure to brush all sensitive areas of the teeth.
children under 12 years	consult a dentist or physician

Inactive ingredients

water, hydrated silica, glycerin, sorbitol, PEG-12, PVM/MA copolymer, sodium lauryl sulfate, flavor, poloxamer 407, trisodium phosphate, sodium hydroxide, cellulose gum, sodium saccharin, xanthan gum, titanium dioxide

Penetrates to the nerve for long-lasting relief!*

Where does sensitive tooth pain come from?

Receding gums and damage to your enamel can expose thousands of microscopic channels which lead to your tooth's nerve center. When your teeth make contact with something hot, cold or sweet, sensations are carried down these channels directly to the nerves, causing pain.

Exposed nerves are the source of painful sensitivity.

Exposed dentin tubules

A lasting "protective shield" helps prevent sensitivity pain from returning.

How does Colgate Sensitive Pro-Relief® + Whitening toothpaste work?

- Colgate Sensitive Pro-Relief® is a clinically proven formula that works fast, within 2 weeks, to provide relief to the nerve and builds a protective shield to help prevent painful sensitivity flare-ups when used as directed.
- Provides fast-acting and long-lasting relief with regular use.
- Effectively removes stains, helping restore the natural whiteness of your teeth.

*with continued use
