-----

**Sperian Water Additive**

***Active ingredient***

Purified water

***Purpose***

Flushing Agent

***Uses***

For flushing the eye to reduce the chance of severe injury caused by acid, alkali, or particulate contamination.

***Warnings***

- **For external use only**
- To avoid contamination do not touch tip of container to any surface

**Do not use**

- in concentrated form
- while wearing contact lenses
- if solution changes color or becomes cloudy
- for injection
- in intraocular surgery
- internally

**Ask a doctor if you have**

- eye pain
- changes in vision
- redness or irritation of eye after use
- an injury caused by an alkali

**Keep out of reach of children**

If swallowed, get medical help or contact a Poison Control Center right away.

***Directions***

Mix additive with potable water as follows:

- Wear protective eyewear and gloves
- Follow sanitary procedures
- Thoroughly clean portable eyewash station and rinse with potable water
- Use a clean container of sufficient capacity to mix enough solution to fill eyewash station. Solution may be mixed directly in eyewash station

- Add entire contents of the bottle to the container
- Fill the station to the manufacturer's required level and mix or agitate thoroughly
- Date station inspection
- Station should be cleaned and refilled every 120 days when using this product
- Properly dispose of empty bottles after use. **Do not reuse.**

### ***Other information***

- Do not use if seal is broken
- Do not freeze
- Do not use if eye is lacerated or object is embedded
- For use in emergency eyewash stations only
- Mix per directions
- Sperian Water Additive must not be used undiluted or in solution for any other purpose
- Do NOT add any other chemicals or materials to this solution
- Avoid contact with skin
- Store between 35 °F - 100 °F (2 °C - 38 °C)

### ***Inactive ingredients***

chlorhexidine digluconate
