-----

**Active ingredients (in each packet)**

**Purposes**

Acetaminophen 650 mg.....	Pain reliever/fever reducer
Dextromethorphan hydrobromide 20 mg.....	Cough suppressant
Phenylephrine hydrochloride 10 mg.....	Nasal decongestant

**Uses**

- temporarily relieves these symptoms due to a cold:
- minor aches and pains • minor sore throat pain • headache
- nasal and sinus congestion • cough due to minor throat and bronchial irritation
- temporarily reduces fever

**Warnings**

Liver warning: This product contains acetaminophen. Severe liver damage may occur if you take

- more than 6 packets in 24 hours, which is the maximum daily amount
- with other drugs containing acetaminophen • 3 or more alcoholic drinks every day while using this product

Sore throat warning: If sore throat is severe, persists for more than 2 days, is accompanied or followed by fever,

headache, rash, nausea, or vomiting, consult a doctor promptly.

**Do not use** • in a child under 12 years of age • if you are allergic to acetaminophen

- with any other drug containing acetaminophen (prescription or nonprescription). If you are not sure whether a drug contains acetaminophen, ask a doctor or pharmacist
- if you are now taking a prescription monoamine oxidase inhibitor (MAOI) (certain drugs for depression, psychiatric, or emotional conditions, or Parkinson's disease), or for 2 weeks after stopping the MAOI drug. If you do not know if your prescription drug contains an MAOI, ask a doctor or pharmacist before taking this product.

**Ask a doctor before use if you have**

- liver disease • heart disease • high blood pressure • thyroid disease • diabetes
- trouble urinating due to an enlarged prostate gland • cough that occurs with too much phlegm (mucus)
- cough that lasts or is chronic such as occurs with smoking, asthma, or emphysema

Ask a doctor or pharmacist before use if you are • taking the blood thinning drug warfarin

**When using this product** • do not exceed recommended dosage

**Stop use and ask a doctor if**

- nervousness, dizziness, or sleeplessness occurs • fever gets worse or lasts more than 3 days
- redness or swelling is present • new symptoms occur • symptoms do not get better or worsen
- pain, cough or nasal congestion gets worse or lasts more than 7 days
- cough comes back or occurs with fever, rash or headache that lasts. These could be signs or serious condition.

**If pregnant or breast-feeding,** ask a health care professional before use.

**KEEP OUT OF REACH OF CHILDREN.**

In case of overdose, get medical help or contact a Poison Control Center right away. Prompt medical attention is critical for adults as well as children even if you do not notice any signs or symptoms.

**Directions**

- do not use more than directed
- take every 4 hours; do not take more than 6 packets in 24 hours unless directed by a doctor

**Age Dose**

children under 4 years of age	do not use
children 4 to under 12 years of age	do not use unless directed by a doctor
adults and children 12 years of age and over	one packet

- dissolve contents of one packet into 8 oz. hot water: sip while hot. Consume entire drink within 10 – 15 minutes.
  - if using a microwave, add contents of one packet to 8 oz. of cool water: stir briskly before and after heating.
- Do not overheat.

**Other information**

- each packet contains: sodium 20 mg
- store at controlled room temperature 20-25°C (68-77°F). Protect from excessive heat and moisture.

**Inactive ingredients**

sodium citrate, mannitol, aspartame, hydroxypropyl cellulose, citric acid, tween 80, acesulfame potassium, flavors, sodium bicarbonate

**Product Label**

**Daytime**  
**AcetaFlu**

**READ ALL WARNINGS AND DIRECTIONS ON CARTON BEFORE USE.  
KEEP CARTON FOR REFERENCE. DO NOT DISCARD.**
