IVY COMPLETE KIT™

1 CLEANSE

Remove rash-causing oils

Cleanse Poison Ivy Scrub is the first step in stopping poison ivy or oak rashes. Wet the affected area, then apply the scrub and gently rub into the skin for 15 seconds, rinse off and towel dry.

Scrub gently.

2 TREAT

Stop itch and pain

Treat Pain Relieving Anti-Itch Gel offers long-lasting relief from poison ivy and oak, insect bites, and other minor rashes. After using Cleanse (Step 1), rub Treat into your skin and enjoy its relief.

Rub gel into affected area.

3 WIPE

Avoid future rashes

Tecnu Detox Wipes remove the rash-causing oil, urushiol, before a rash can even start. As soon as possible, use one of these waterless wipes on any area of the skin that's been exposed to poison ivy, oak, or sumac. They can also be used on pets, tools, shoes, and other surfaces to help prevent secondary contamination.

Remove oils with cleansing wipe.
