CBDMEDIC Acne Treatment

Active Ingredients and Purpose

Salicylic Acid 1% (Acne Medication)

Uses

- For the management of acne
- Clears up most acne blemishes, acne pimples, blackheads, and whiteheads and allows the skin to heal

Warnings

For external use only

When using this product

- using other topical acne medications at the same time or immediately following use of this product may increase dryness or irritation of the skin. If this occurs, only one medication should be used unless directed by a doctor
- avoid contact with eyes. If contact occurs flush thoroughly with water

Stop use and ask a doctor if

- excessive skin irritation develops or increases

Keep out of reach of children

If swallowed, get medical help or contact a Poison Control Center immediately

Directions:

- clean the skin thoroughly before applying
- cover the entire affected area with a thin layer 1 to 3 times daily
- because excessive drying of the skin may occur, start with one application daily, then gradually increase to 2 or 3 times daily if needed or as directed by a doctor
- if bothersome dryness or peeling occurs, reduce application to once a day or every other day

Inactive ingredients

Purified water, jojoba seed oil, CBD hemp oil, bentonite clay, zinc oxide, colloidal oatmeal, peppermint oil, tea tree oil, sorbic acid, eucalyptus oil, stearic acid, silver oxide
