Stop use

Stop use and ask a doctor if: You experience pain, swelling or blistering; condition worsens, or if symptoms persist for more than 7 days, or clear up and occur again within a few days

Pregnancy or breast feeding

If pregnant or breastfeeding: Ask a health professional before use

Keep out of reach of children

Keep out of reach of children: If accidentally ingested, get medical help or contact a Poison Control Center immediately.

Directions

- **Adult and Children 12 years of age and older:** Clean and dry affected area, partially peel back protective film and apply exposed strip to site of pain. Carefully remove remaining film while pressing the strip to the skin and leave in place for up to 4 hours. Do not stretch the strip during application as it should be comfortable and not tight. Use on affected areas not more than 4 times daily. For best adhesion: area should be clean, dry, and smooth.
- **Children under 12 years of age:** Consult physician

Dosage forms & strengths

This is a strip, patch dosage form.

The active ingredient strength is 5.6%.
