***Directions***

Use to cleanse face, back and other acne-prone areas every time you wash or several times a week for a deep clean. Scrub gently. Rinse thoroughly. Because excessive drying of the skin may occur, start with one application daily, then gradually increase to two or three times daily if needed or as directed by a doctor. If bothersome dryness or peeling occurs, reduce application to once a day or every other day. Sensitivity test for a new user. Apply product sparingly to one or two small affected areas during the first 3 days. If no discomfort occurs, follow the directions stated above.
