This PDF Digital Proof is for customer approval only and not intended for color accuracy or color approval. If a full color sign-off is required, a calibrated & proofed physical proof is needed for evaluation. If you do choose to approve this PDF Digital Proof, it is understood that you agree to having the printer re-cut to a proof which you have not physically seen or approved for color accuracy. If under the current circumstances of working, you have, you are limited to reviewing final copy. Color set proofs without having the up and down for printing conditions, it is recommended to view the proof in outdoor natural daylight, which is closer to industry standard (D50), in an ambient light by your home.
