Purpose

Acne Treatment

Uses

for the management of acne

Warnings

For external use only.

Do not use if you

- have very sensitive skin
- are sensitive to benzoyl peroxide.

When using this product

• skin irritation and dryness is more likely to occur if you use another topical acne medication at the same time. If irritation occurs, only use one topical acne medication at a time. • avoid unnecessary sun exposure and use a sunscreen • avoid contact with eyes, lips, and mouth • avoid contact with hair and dyed fabrics, which may be bleached by this product • skin irritation may occur, characterized by redness, burning, itching, peeling, or possibly swelling. Irritation may be reduced by using the product less frequently or in a lower concentration.

Stop use and ask a doctor if

- irritation becomes severe.

Keep out of reach of the children

If product is swallowed, get medical help or contact a Poison Control Center right away

Directions

- Sensitivity Test for a New User: Apply product sparingly to one or two small affected areas during the first 3 days. If no discomfort occurs, follow the directions stated below.
- cover the entire affected area with a thin layer, massaging gently one to two minutes,

and rinse thoroughly one to three times daily

- because excessive drying of the skin may occur, start with one application daily, then gradually increase to two to three times daily if needed or as directed by a doctor
- if bothersome dryness or peeling occurs, reduce application to once a day or every other day
- if going outside, apply sunscreen after using this product. If irritation or sensitivity develops, stop use of both products and ask a doctor.

HOW IT WORKS

Step 1 Clarifying Cleanser
 This gentle cleanser clears oil, dirt and makeup, the common causes of acne, while helping to prevent future breakouts and clear blackheads.

Step 2 Refreshing Toner
 This botanical infused toner clears away acne-causing impurities while leaving skin renewed and refreshed. By removing excess dead skin cells, this gentle toner helps clear surface oil and promote an even skin tone.

Step 3 Repairing Lotion
 This medicated lotion delivers powerful benzoyl peroxide deep into pores to clear existing blemishes, prevent future breakouts, and leave skin soft and smooth.

3-STEP

Acne System

BENZOYL PEROXIDE ACNE TREATMENT

Quick Start Guide

For consistently clearer skin, repeat the following steps twice daily. This acne treatment kit can be used on your face, shoulders and back if needed.

1 | Cleanser

Step 1 Clarifying Cleanser

Dispense a dime-sized amount of cleanser onto hand and gently massage into dampened skin for 1 to 2 minutes. Rinse thoroughly with warm water. Pat dry with a clean, white towel. (Benzoyl peroxide may bleach colored fabrics.)

2 | Toner

Step 2 Refreshing Toner

Using a cotton ball or pad, gently apply toner to face and neck. Allow to dry and do not rinse off.

3 | Repair

Step 3 Repairing Lotion

Apply a small amount of the repairing lotion to freshly cleansed skin. Cover the entire affected area with a thin layer 1 to 3 times daily.

Because excessive drying of the skin may occur, start with one application daily, then gradually increase to two or three times daily if needed or as directed by a doctor. If bothersome dryness or peeling occurs, reduce application to once a day or every other day. If irritation or sensitivity develops, stop use of all products and ask a doctor.
