

LAXATIVE- sennosides, 25 mg tablet, film coated
Granulation Technology, Inc.

Laxative Tablets
SENNOSIDES, 25 mg
STIMULANT LAXATIVE

Drug Facts

Active ingredient (in each tablet)

Sennosides, 25 mg

Purpose

Stimulant Laxative

Uses

- Relieves occasional constipation (irregularity)
- Generally produces a bowel movement in 6-12 hours

Warnings

Do not use laxative products when abdominal pain, nausea, or vomiting are present unless directed by a doctor.

Ask a doctor before use if you have noticed a sudden change in bowel habits that persists over a period of 2 weeks.

Ask a doctor or pharmacist before use if you are taking any other drug. Laxatives may affect how other drugs work. Take this product 2 or more hours before or after other drugs.

When using this product do not use for a period longer than 1 week.

Stop use and ask a doctor if rectal bleeding or failure to have a bowel movement occur after use of a laxative. These may be signs of a serious condition.

If pregnant or breast-feeding, ask a health professional before use.

Keep out of reach of children. In case of overdose, get medical help or contact a Poison Control Center right away (1-800-222-1222).

Directions

- swallow tablet (s) with a glass of water.
- swallow tablet (s) whole, do not crush, break, or chew.

Age	Dosage
adults and children 12 years of age and over	2 tablets once or twice daily
children 6 to under 12	1 tablet once a

years	day or twice daily
children under 6 years	Ask a doctor
