Active ingredient

Purpose

Salicylic Acid.....Acne treatment

Uses

- treats acne - clears blackheads
- helps prevent new acne blemishes and blackheads

Keep out of reach of children. If swallowed, get medical help or contact a Poison Control Center right away.

Uses

- treats acne - clears blackheads
- helps prevent new acne blemishes and blackheads

Warnings

For external use only

Flammable: Keep away from fire or flame

When using this product

- avoid contact with eyes. If contact occurs, flush thoroughly with water.
- using other topical acne medication at the same time or right after use of this product, may increase dryness or irritation of the skin. If this occurs, only one medication should be used unless directed by a doctor.

Keep out of reach of children. If swallowed, get medical help or contact a Poison Control Center right away.

Directions

- cleanse skin thoroughly before applying medication
- moisten cotton ball or pad and pat over face and neck
- because too much drying of the skin may occur, start with 1 application daily, then gradually increase to 2 to 3 times daily if needed or as directed by a doctor
- if bothersome dryness or peeling occurs, reduce application to once a day or every other day

- to prevent discoloration of clothing, avoid contact
