

KAMDOY SKIN EMULSION- dressing, wound, drug
Alvix Laboratories

KamDoy Rx Skin Emulsion

DESCRIPTION

KamDoy Rx Skin Emulsion is a water-based topical skin care emulsions that is indicated to manage and relieve the burning and itching experienced with various types of dermatoses, including atopic and allergic contact dermatitis. KamDoy Rx Skin Emulsion contains natural extracts to moisturize the skin.

INDICATIONS & USAGE

KamDoy Rx Skin Emulsion is indicated as a prescription topical skin care emulsion to manage and relieve the burning and itching experienced with various types of dermatoses, including atopic and allergic contact dermatitis. KamDoy Rx Skin Emulsion helps maintain a moist wound and skin environment, which is beneficial to the healing process.

CONTRAINDICATIONS

KamDoy Rx Skin Emulsion is contraindicated in persons with a known hypersensitivity to any of the components of the formulation.

PRECAUTIONS

KamDoy Rx Skin Emulsion is for external use only. Product should not be used prior to MRI Imaging, as it contains silver nanoparticles that can cause heating during these procedures. KamDoy Rx Skin Emulsion does not contain sunscreen. If the condition does not improve within 10 days, consult a physician. If clinical signs of infection are present, appropriate treatment should be initiated; use of KamDoy Rx Skin Emulsion may be continued during anti-infective therapy. Keep this and other similar products out of the reach of children.

INGREDIENTS

KamDoy Rx Skin Emulsion contains deionized water, copolymer, vegetable oils from African palms, lidocaine HCl (less than 1%), and silver nanoparticles (as a preservative).

HOW SUPPLIED

KamDoy Rx Skin Emulsion is available in:
60mL bottle, 15455-9566-01.
4 - 60mL bottles, 15455-9566-04.
