Protectant

Uses

- Helps relieve the local itching and discomfort associated with hemorrhoids
- Temporarily shrinks hemorrhoidal tissue and relieves burning
- Temporarily provides a coating for relief of anorectal discomforts
- Temporarily protects the inflamed, irritated anorectal surface to help make bowel movements less painful
- Introduction of applicator into the rectum causes additional pain

Warnings

For external and/or anorectal use only

Ask doctor before use if you have

- heart disease
- high blood pressure
- thyroid disease
- diabetes
- trouble urinating due to an enlarged prostate gland

Ask doctor before use if you are presently taking a prescription drug for high blood pressure or depression

Stop Use and Ask Doctor if

- Bleeding occurs
- Condition worsens or does not improve within 7 days

If Pregnant or Breast-Feeding

Ask a doctor before use

Keep out of reach of children

If swallowed get medical help or contact a Poison Control Center right away

When using this product

When using this product do not exceed the recommended dosage unless directed by a doctor

Directions

Children under 12 years of age: ask a doctor before use.

Adults: when practical, clean the affected area by patting or blotting with an appropriate cleansing wipe

- Gently dry by patting or blotting with a tissue or soft cloth before applying
- When first opening tube, remove foil seal
- For intrarectal use: remove protective cover from applicator and attach to tube
- Lubricate applicator well, then gently insert applicator into rectum
- Thoroughly clean applicator and replace protective cover after each use
- Clean the affected area and pat or dab dry before applying ointment
- Apply externally to the affected area up to 4 times daily, especially at night, in the morning or after each bowel movement
- also apply ointment to external area.

Other Information

- Store at room temperature 20°-25°C (68°-77°F)
