Precautions

Keep out of reach of children

Warnings

- For external use only.
- Over application will not increase results.
- If you have a sensitive skin test in a small area in the underarm before using on all your intimate areas.
- Discontinue if excessive redness or irritation occurs. If irritation persists, consult with a physician or pharmacist.
- Avoid direct contact with eyes, if contact occurs, rinse thoroughly with water.
- Do not apply to open wounds or mucous membranes.

Contraindications

Hypersensitivity to any of the components.

Side effects

It is well tolerated product there are no known side effects.

Dosage and Administration

Cleanse area with soap and water, and then gently exfoliate it with a loofah or sponge. This helps to remove any dead skin at the surface and allow the product to contact the fresh area that you want to whiten. Rinse the area and pat dry. Apply a small amount to fingertips and massage gently into the desired area that you are whitening. Allow time for it to absorb. After a few minutes, massage any excess cream into the area. Only use enough cream to apply a thin layer. Apply twice daily for maximum effectiveness.

Storage Conditions

Store below 30 °C.

Primary Package
