Preservative Free and Gluten Free. No Starch, Artificial Colors, Wheat, Yeast or Corn Added.

INDICATIONS AND USAGE

NexoChew is indicated to provide significant amounts of Vitamins A, C, D, E, thiamine, riboflavin, niacin, vitamin B6, vitamin B12, and folate to supplement the diet, and to help assure that nutritional deficiencies of these vitamins will not develop. NexoChew is formulated to provide essential nutrients, tailored to the needs of all individuals ages 4 years old and above, promoting overall health, energy, and vitality.

CONTRAINDICATIONS

This product is contraindicated in patients with known hypersensitivity to any of its ingredients.

KEEP THIS AND ALL DRUGS OUT OF THE REACH OF CHILDREN.

PRECAUTIONS

Folic acid alone is improper therapy in the treatment of pernicious anemia and other megaloblastic anemias where vitamin B12 is deficient. Folic acid may obscure pernicious anemia in that hematologic remission can occur while neurological manifestations progress. NexoChew should only be used under the direction and supervision of a licensed medical practitioner.

ADVERSE REACTIONS

Allergic sensitization has been reported following both oral and parenteral administration of folic acid. You may report side effects by calling Redmont Pharmaceuticals, LLC at 1-800-986-5909.

DOSAGE AND ADMINISTRATION

One tablet daily directed by licensed medical practitioner. Tablet should be chewed before swallowing.

HOW SUPPLIED

Bottles of 30 tablets (71741-463-30¹). Tablet is off-white, round.

This product is a prescription-folate with or without other dietary ingredients that – due to increased folate levels increased risk associated with masking B12 deficiency (pernicious anemia) requires administration under the care of a licensed medical practitioner (64 FR 8760). 1-3 The most appropriate way to ensure pedigree reporting consistent with these regulatory guidelines and safety monitoring is to dispense this product only by prescription. This is not an Orange Book product. This product may be administered only under a physician's supervision and all prescriptions using this product shall be pursuant to state statutes as applicable. The ingredients, indication or claims of this product are not to be construed to be drug claims.
