Active Ingredients

(in each packet)

Sodium Bicarbonate USP 700 mg

Sodium Chloride USP 2300 mg

Purpose

Nasal Wash

Uses

Temporarily relieves symptoms associated with sinusitis, cold, flu or allergies:

- Sneezing
- Runny nose
- Nasal stuffiness
- Post nasal drip
- Removes inhaled irritants (dust, pollen)
- Promotes nasal and sinus drainage
- Helps reduce swelling of nasal membranes
- Moisturizes dry nasal passages

Warnings

Stop use and ask a doctor if washing is uncomfortable or symptoms are not relieved.

Do not use unfiltered tap water, see instructions inside box for proper water sources.

Do not use if nasal passages are completely blocked or if you have an ear infection or blocked ears.

When using this product:

- Use by only one person
- Wash with soap and water after each use
- Top rack of dishwasher safe

-Do not heat in microwave

Keep out of reach of children

#### Directions

Adults and children 4 years and over: use 1/2 - 1 packet per 4 fl oz (120 mL) up to every two hours as needed

Children under 4 years: Consult a physician

See enclosed instruction sheet for complete directions and proper use

#### Other Information

-Inspect saline packets for integrity

-Do not use saline packets if open or torn

-Protect saline packets from excessive heat and moisture

-See saline packets or box for lot # and expiration date

#### Inactive Ingredients

None

**SinuCleanse**  
Products

Developed and Recommended by a Leading Ear Nose & Throat Physician

**60 Refill Saline Packets**

**Relieves Symptoms From:**  
Nasal Congestion • Sinusitis and Rhinitis  
Sinus Pressure • Cold and Flu • Nasal Dryness • Allergies

The SinuCleanse® Pharmaceutical Grade Saline Packets contain a balanced, preservative free, ultra-fine salt packets which dissolve instantly, making nasal washing gentle, simple and easy.

SinuCleanse® products are made only from pure sea salt and distilled water. SinuCleanse® products are used only for nasal irrigation and are not intended for use in the eyes. SinuCleanse® products are used only for nasal irrigation and are not intended for use in the eyes.

SinuCleanse® Products utilize the highest quality ingredients and are made & assembled in U.S.A. FDA Registered facilities to ensure Quality, Safety and Effectiveness.

**Should I use an Isotonic or Hypertonic Solution?**  
SinuCleanse® Pharmaceutical Grade Saline Packets can be used as either isotonic or hypertonic solutions. Check with the guide below or consult with your physician for best use.

An isotonic solution creates a mild, less concentrated salt solution of 0.9% of Sodium Chloride and is used for those who have a salt concentration of your body and may be more comfortable to use for some people (elderly, children, or those with a more concentrated hypertonic solution).

A hypertonic solution is a hypertonic solution creates a higher concentration salt solution which is similar to the salt content of ocean water.

Isotonic Solution	Hypertonic Solution
1 SinuCleanse® Saline Packet per 100 mL of Water	2 SinuCleanse® Saline Packets per 100 mL of Water

**Important Note:** SinuCleanse® Saline Packets contain 1 gram of pharmaceutical grade salt. Using the instructions in the table above, you can prepare either an isotonic or Hypertonic Solution. Since contents of other manufacturers' Salt Packets may vary please check with their directions for isotonic or Hypertonic use.

SinuCleanse® Saline Packets can be used with SinuCleanse® Products or other nasal wash products.
