**How to Use to get Natural-Looking Color:** For best results, use daily as your facial moisturizer. Apply a generous amount evenly over freshly cleansed face, blending into jawline & hairline and avoiding eyebrows. Allow several minutes for it to fully absorb. Wash your hands after application. You will begin to see development of color within several days with no sunless tanner odor. If color change is not as noticeable as desired, apply more frequently.

**\*If reapplying at least every 2 hours for sunscreen use, a non-glow sunscreen is recommended if color change becomes too intense.**
