Attention: Robyn Willis, GCPharmSc
Director, Regulatory Affairs and Product Development

Dear Ms. Willis:

Please refer to your supplemental new drug application (sNDA) dated and received March 2, 2022, and your amendment, submitted under section 505(b) of the Federal Food, Drug, and Cosmetic Act (FDCA) for Plaquenil (hydroxychloroquine).

We also refer to our letter dated February 2, 2022, notifying you, under Section 505(o)(4) of the FDCA, of new safety information that we believe should be included in the labeling for Plaquenil. This information pertains to the risk of drug-induced phospholipidosis leading to cardiotoxicity, renal toxicity, and muscle or nerve toxicity.

This supplemental new drug application provides for revisions to the labeling for Plaquenil, consistent with our February 2, 2022 letter.
