## **SUPPLEMENT APPROVAL**

Pfizer Inc  
Attention: Tricia Douglas  
Director, Pfizer Global Regulatory Affairs  
235 East 42nd Street  
New York, NY 10017

Dear Ms. Douglas:

Please refer to your supplemental new drug application (sNDA) dated and, received May 13, 2020, submitted under section 505(b) of the Federal Food, Drug, and Cosmetic Act (FDCA) for Accuretic (quinapril hydrochloride/hydrochlorothiazide) 10/12.5mg, 20/12.5mg, 20/25mg Tablets.

We also refer to our letter dated April 7, 2020, notifying you, under Section 505(o)(4) of the FDCA, of new safety information that we believe should be included in the labeling for hydrochlorothiazide-containing drug products. This information pertains to the risk of non-melanoma skin cancer with hydrochlorothiazide use.

This supplemental new drug application provides for revisions to the labeling for Accuretic, consistent with our April 7, 2020 letter.

### **APPROVAL & LABELING**

We have completed our review of this application. It is approved, effective on the date of this letter, for use as recommended in the enclosed agreed-upon labeling.

### **CONTENT OF LABELING**

As soon as possible, but no later than 14 days from the date of this letter, submit the content of labeling [21 CFR 314.50(l)] in structured product labeling (SPL) format using the FDA automated drug registration and listing system (eLIST), as described at FDA.gov.<sup>1</sup> Content of labeling must be identical to the enclosed labeling (text for the Prescribing Information), with the addition of any labeling changes in pending "Changes Being Effected" (CBE) supplements, as well as annual reportable changes not included in the enclosed labeling. If the content of labeling in SPL format initially submitted with this CBE-0 labeling supplement is identical to the attached approved labeling, an additional submission of content of labeling in SPL format is not required.

Also within 14 days, amend all pending supplemental applications that include labeling changes for this NDA, including CBE supplements for which FDA has not yet issued an action letter, with the content of labeling [21 CFR 314.50(l)(1)(i)] in Microsoft Word format, that includes the changes approved in this supplemental application, as well as annual reportable changes. To facilitate review of your submission(s), provide a highlighted or marked-up copy that shows all changes, as well as a clean Microsoft Word version. The marked-up copy should provide appropriate annotations, including supplement number(s) and annual report date(s).
