Attention: Alexis Williams, PharmD  
Global Regulatory Strategy & CMC Manager

Dear Dr. Williams:

Please refer to your supplemental new drug applications (sNDAs) dated and received, February 11, 2022, and April 28, 2022, and your amendments, submitted under section 505(b) of the Federal Food, Drug, and Cosmetic Act (FDCA) for Suboxone (buprenorphine and naloxone) sublingual tablets.

We also refer to our letter dated January 12, 2022, notifying you, under Section 505(o)(4) of the FDCA, of new safety information that we believe should be included in the labeling for transmucosal buprenorphine-containing products. This information pertains to the risk of dental caries.

Finally, we also refer to our letter dated March 31, 2022, notifying you, under Section 505(o)(4) of the FDCA, of new safety information that we believe should be included in the labeling for buprenorphine-containing products. This information pertains to the risk of QT prolongation.

These supplemental new drug applications provide for revisions to the labeling for Suboxone, consistent with our January 12, 2022, and March 31, 2022, letters.

### **APPROVAL & LABELING**

We have completed our review of these applications, as amended. They are approved, effective on the date of this letter, for use as recommended in the enclosed agreed-upon labeling.

The SPL will be accessible from publicly available labeling repositories.

Also within 14 days, amend all pending supplemental applications that include labeling changes for this NDA, including CBE supplements for which FDA has not yet issued an action letter, with the content of labeling [21 CFR 314.50(l)(1)(i)] in Microsoft Word format, that includes the changes approved in this supplemental application, as well as annual reportable changes. To facilitate review of your submission(s), provide a highlighted or marked-up copy that shows all changes, as well as a clean Microsoft Word version. The marked-up copy should provide appropriate annotations, including supplement number(s) and annual report date(s).
