SUPPLEMENT APPROVAL
RELEASE REMS REQUIREMENT

Meda Pharmaceuticals Inc
Attention: Cindy Yayac
Manager, Regulatory Affairs

Somerset, NJ 08873-4120

Dear Ms. Yayac:

Please refer to your Supplemental New Drug Application (sNDA) dated May 9, 2011, received May 9, 2011, submitted under section 505(b) of the Federal Food, Drug, and Cosmetic Act (FDCA) for Edluar (zolpidem tartrate) Sublingual Tablets.

We also acknowledge receipt of your risk evaluation and mitigation strategy (REMS) assessment dated June 10, 2011. After consultation between the Office of Surveillance and Epidemiology and the Office of New Drugs, we found the REMS assessment to be adequate.

This supplemental new drug application proposes to eliminate the requirement for the approved Edluar (zolpidem tartrate) REMS.

We have completed our review of this supplemental application. It is approved, effective on the date of this letter.

RISK EVALUATION AND MITIGATION STRATEGY REQUIREMENTS

The REMS for Edluar was originally approved on March 13, 2009, and the most recent REMS modification was approved on December 17, 2010. The REMS consists of a Medication Guide and a timetable for submission of assessments of the REMS.

You propose that FDA no longer require a REMS for Edluar (zolpidem tartrate).

We have determined that maintaining the Medication Guide as part of the approved labeling is adequate to address the serious and significant public health concern and meets the standard in 21 CFR 208.1. Therefore, it is no longer necessary to include the Medication Guide as an element of the approved REMS to ensure that the benefits of Edluar (zolpidem tartrate) outweigh its risks.

Therefore, we agree with your proposal, and a REMS for Edluar (zolpidem tartrate) is no longer required.

We remind you that the Medication Guide will continue to be part of the approved labeling in accordance with 21 CFR 208.

REPORTING REQUIREMENTS

We remind you that you must comply with reporting requirements for an approved NDA (21 CFR 314.80 and 314.81).

If you have any questions, call Cathleen Michaloski, Regulatory Project Manager, at (301) 796-1123.

Sincerely,
