Associate Director, Regulatory Strategy

Lexington, MA 02421

Dear Ms. Tews:¹

Please refer to your supplemental new drug application (sNDA) dated October 25, 2022, received, and your amendments, submitted under section 505(b) of the Federal Food, Drug, and Cosmetic Act (FDCA) for Lialda (mesalamine) delayed-release tablets.

We also refer to our letter dated September 26, 2022, notifying you, under Section 505(o)(4) of the FDCA, of new safety information that we have determined should be included in the labeling for aminosalicylic acid products and similar agents. This information pertains to the risk of nephrotoxicity.

This supplemental new drug application provides for revisions to the labeling for Lialda (mesalamine), consistent with our September 26, 2022 letter.
