## SUPPLEMENT APPROVAL

Pfizer Inc.  
Attention: Mikhail Abarshalin  
Director, Global Regulatory Sciences  
66 Hudson Boulevard East  
New York, NY 10001

Dear Mikhail Abarshalin:

Please refer to your supplemental new drug applications (sNDAs) dated and received January 15, 2025, and your amendments, submitted under section 505(b) of the Federal Food, Drug, and Cosmetic Act (FDCA) for the following:

<b>NDA</b>	<b>Product Name</b>
050006	Vibramycin Monohydrate (doxycycline monohydrate) for oral suspension
050007	Vibramycin Hyclate (doxycycline hyclate capsules, USP) capsules
050480	Vibramycin Calcium (doxycycline calcium oral suspension, USP) oral suspension syrup
050533	Vibra-Tabs (doxycycline hyclate tablets, USP) film- coated tablets

We also refer to our letter dated December 16, 2024, notifying you, under Section 505(o)(4) of the FDCA, of new safety information that we have determined should be included in the labeling for doxycycline. This information pertains to the risk of fixed drug eruption and psychiatric adverse events.

These supplemental new drug applications provide for revisions to the labeling for your Vibramycin products consistent with our December 16, 2024, letter.

Other changes to the labeling not required under section 505(o)(4) of the FDCA:

The **DRUG INTERACTIONS** section has been revised to remove language regarding concurrent use with Penthrane because Penthrane was withdrawn.

## **APPROVAL & LABELING**

We have completed our review of these applications, as amended. They are approved, effective on the date of this letter, for use as recommended in the enclosed agreed-upon labeling.

## **CONTENT OF LABELING**

As soon as possible, but no later than 14 days from the date of this letter, submit the content of labeling [21 CFR 314.50(l)] in structured product labeling (SPL) format using the FDA automated drug registration and listing system (eLIST), as described at FDA.gov.<sup>1</sup> Content of labeling must be identical to the enclosed labeling (text for the Prescribing Information), with the addition of any labeling changes in pending “Changes Being Effected” (CBE) supplements, as well as annual reportable changes not included in the enclosed labeling.

Information on submitting SPL files using eList may be found in the guidance for industry *SPL Standard for Content of Labeling Technical Qs and As*.<sup>2</sup>

The SPL will be accessible from publicly available labeling repositories.

Also within 14 days, amend all pending supplemental applications that include labeling changes for this NDA, including CBE supplements for which FDA has not yet issued an action letter, with the content of labeling [21 CFR 314.50(l)(1)(i)] in Microsoft Word format, that includes the changes approved in this supplemental application, as well as annual reportable changes. To facilitate review of your submission(s), provide a highlighted or marked-up copy that shows all changes, as well as a clean Microsoft Word version. The marked-up copy should provide appropriate annotations, including supplement number(s) and annual report date(s).

## **PROMOTIONAL MATERIALS**

You may request advisory comments on proposed introductory advertising and promotional labeling. For information about submitting promotional materials, see the final guidance for industry *Providing Regulatory Submissions in Electronic and Non-Electronic Format-Promotional Labeling and Advertising Materials for Human Prescription Drugs*.<sup>3</sup>
