Dear Dr. Singhal:

Please refer to your supplemental biologics license application (sBLA), dated and received May 19, 2023, and your amendments, submitted under section 351(a) of the Public Health Service Act for Plegridy (pegylated interferon beta-1a) injection.

We also refer to our letter dated April 18, 2023, notifying you, under Section 505(o)(4) of the FDCA, of new safety information that we have determined should be included in the labeling for interferon beta products. This information pertains to the risk of pulmonary arterial hypertension.

This supplemental biologics license application provides for revisions to the labeling for Plegridy, consistent with our April 18, 2023, letter.

To facilitate review of your submission(s), provide a highlighted or marked-up copy that shows all changes, as well as a clean Microsoft Word version. The marked-up copy should provide appropriate annotations, including supplement number(s) and annual report date(s).
