Dear Debbie Panei:

Please refer to your supplemental new drug application (sNDA) dated March 7, 2024, and your amendments, submitted under section 505(b) of the Federal Food, Drug, and Cosmetic Act (FDCA) for Uceris (budesonide) extended release tablets.

We also refer to our letter dated February 8, 2024, notifying you, under Section 505(o)(4) of the FDCA, of new safety information that we have determined should be included in the labeling for systemic (oral and injection) corticosteroids. This information pertains to the risk of activation of latent infections and special pathogens, and of Kaposi's sarcoma.

This supplemental new drug application provides for revisions to the labeling for Uceris, consistent with our February 8, 2024, letter.
