Instructions for Opening Blister Pack

See reverse side for additional instructions for opening blister pack.

Reference ID: 4015795

Do Not Push The Tablet Through The Foil.

This label may not be the latest approved by FDA.

For current labeling information, please visit <https://www.fda.gov/drugsatfda>

- Leave the tablet in the blister pack until you are ready to take or give it.
- Use dry hands to open the blister pack.
- Tear along the perforation. Bend the blister where shown in the picture in Step 2. Peel back the labeled backing from the center of the blister to take out the tablet. **Do not push the tablet through the foil.**
- Place the tablet on the tongue.
- Take the medicine as soon as you open the blister pack. The tablet will dissolve in your mouth so that it can be swallowed.
- Do not crush or chew.

For additional safety information, please see the Full Prescribing Information and Medication Guide that come in this package and discuss with your doctor.
