Blue Ash, OH 45242

Dear Kathi Rinesmith:

Please refer to your supplemental new drug application (sNDA) dated and received December 15, 2024, and your amendments, submitted pursuant to section 505(b)(2) of the Federal Food, Drug, and Cosmetic Act (FDCA) for Spritam (levetiracetam) tablets for oral suspension.

This “Changes Being Effected” sNDA (S-024) proposes the addition of “obsessive-compulsive disorders” and “worsening of seizures including patients with SCN8A mutations” in subsection 6.2 Postmarketing Experience of the Prescribing Information (PI) in order to align with the listed drug. Additionally, this sNDA proposes updates to subsection 16.1 How Supplied of the PI to add an additional new institutional use packaging size of 6 tablets (1 for each strength), and respective new carton and container labeling. Though the proposed revisions to the PI were included in the labeling for Spritam approved on March 12, 2024 (S-025), this sNDA (S-024) provides for further revisions to subsection 16.1 How Supplied of the PI and for approval of the new carton and container labeling.
