

NDA 210450 /S-011

SUPPLEMENT APPROVAL

AbbVie, Inc.
Attention: Glen W. Spears, Ph.D.
Director, Global Regulatory Lead
1 N. Waukegan Rd
Dept. PA72/Bldg. AP30-4
North Chicago, IL 60064

Dear Dr. Spears:

Please refer to your supplemental new drug application (sNDA) dated and received September 24, 2025, submitted under section 505(b) of the Federal Food, Drug, and Cosmetic Act (FDCA) for Orilissa (elagolix) tablets.

This Prior Approval sNDA provides for the removal of pregnancy registry related information from the United States Prescribing Information (USPI) and the Medication Guide.

APPROVAL & LABELING

We have completed our review of this application. It is approved, effective on the date of this letter, for use as recommended in the enclosed agreed-upon labeling.

CONTENT OF LABELING

As soon as possible, but no later than 14 days from the date of this letter, submit the content of labeling [21 CFR 314.50(l)] in structured product labeling (SPL) format using the FDA automated drug registration and listing system (eLIST), as described at FDA.gov.¹ Content of labeling must be identical to the enclosed labeling (text for the Prescribing Information and Medication Guide), with the addition of any labeling changes in pending "Changes Being Effected" (CBE) supplements, as well as annual reportable changes not included in the enclosed labeling.

Information on submitting SPL files using eList may be found in the guidance for industry *SPL Standard for Content of Labeling Technical Qs and As*.²

The SPL will be accessible from publicly available labeling repositories.

¹ <http://www.fda.gov/ForIndustry/DataStandards/StructuredProductLabeling/default.htm>

² We update guidances periodically. For the most recent version of a guidance, check the FDA Guidance Documents Database at: <https://www.fda.gov/RegulatoryInformation/Guidances/default.htm>.

REQUIRED PEDIATRIC ASSESSMENTS

Under the Pediatric Research Equity Act (PREA) (21 U.S.C. 355c), all applications for new active ingredients (which includes new salts and new fixed combinations), new indications, new dosage forms, new dosing regimens, or new routes of administration are required to contain an assessment of the safety and effectiveness of the product for the claimed indication in pediatric patients unless this requirement is waived, deferred, or inapplicable.

Because none of these criteria apply to your supplemental application, you are exempt from this requirement.

REPORTING REQUIREMENTS

We remind you that you must comply with reporting requirements for an approved NDA (21 CFR 314.80 and 314.81).

If you have any questions, contact Maria Wasilik, Senior Regulatory Project Manager, at 301-796-0567 or maria.wasilik@fda.hhs.gov

Sincerely,

{See appended electronic signature page}

Audrey Gassman, M.D.
Deputy Director
