**Perrigo**

nasal congestion / runny nose  
sneezing / itchy nose

**NASONEX**  
24HR ALLERGY

**Drug Facts (continued)**

**Purpose**  
You get new changes to your vision that develop after starting the product. If you have severe or frequent nosebleeds, ask a health professional before use.

**Active ingredient (in each spray)**  
Mometasone furoate monohydrate (glucocorticoid), 50 mcg.

**Uses**  
Temporarily relieves these symptoms of hay fever or other upper respiratory allergies:  
nasal congestion  
runny nose  
sneezing

**Warnings**  
Only for use in the nose. Do not spray into your eyes or mouth.  
**Do not use**  
in children under 2 years of age  
to treat asthma  
if you have an injury or surgery to your nose that is not fully healed  
if you have ever had an allergic reaction to this product or any of the ingredients

**Ask a doctor before use if you**  
have an eye infection  
have or had glaucoma or cataracts  
are taking or have taken medicine for infection (such as thiazolidine diuretics), medicine for asthma, allergies or skin rash, or corticosteroids (such as prednisone)

**When using this product**  
The growth rate of some children may be slower when using this product. Children should use the amount of medicine that is necessary to achieve symptom relief. Talk to your child's doctor if your child needs to use the spray for longer than two months a year.  
An adult should supervise use in children under 7 years of age.  
Do not use

**Other information**  
Do not use if sealed package is torn or opened.  
Keep package and insert. They contain important information.  
Store between 20°-25°C (68°-77°F).  
Discard 28 days after first use of the product.

**Inactive ingredients**  
Benzalkonium chloride, citric acid, glycerin, hydroxyethylcellulose and carbonylmethylcellulose sodium, polyorbital 80, purified water, sodium citrate.
