

ANDA 218749

ANDA APPROVAL

Cardinal Health Regulatory Sciences
U.S. Agent for Hainan Poly Pharm. Co., Limited
7400 West 110th Street, Suite 150
Overland Park, KS 66210
Attention: Yin Hwa Lai
Principal Scientist

Dear Yin Hwa Lai:

This letter is in reference to your abbreviated new drug application (ANDA) received for review on August 1, 2023, submitted pursuant to section 505(j) of the Federal Food, Drug, and Cosmetic Act (FD&C Act) for Gadoteridol Injection USP, 1.3965 g per 5 mL, 2.793 g per 10 mL, 4.1895 g per 15 mL, and 5.586 g per 20 mL (279.3 mg/mL) Single-Dose Vials.

Reference is also made to the complete response letter issued by this office on August 28, 2024, and to any amendments thereafter.

We have completed the review of this ANDA and have concluded that adequate information has been presented to demonstrate that the drug meets the requirements for approval under the FD&C Act. Accordingly, the ANDA is **approved**, effective on the date of this letter. We have determined your Gadoteridol Injection USP, 1.3965 g per 5 mL, 2.793 g per 10 mL, 4.1895 g per 15 mL, and 5.586 g per 20 mL (279.3 mg/mL) Single-Dose Vials to be bioequivalent and therapeutically equivalent to the reference listed drug (RLD), ProHance Injection, of Bracco Diagnostics, Inc., NDA 020131.

Please note that if FDA requires a Risk Evaluation and Mitigation Strategy (REMS) for a listed drug, an ANDA referencing that listed drug also will be required to have a REMS. See section 505-1(i) of the FD&C Act.

COMPENDIAL STANDARDS

A drug with a name recognized in the official United States Pharmacopeia or official National Formulary (USP-NF) generally must comply with the compendial standard for strength, quality, and purity, unless the difference in strength, quality, or purity is plainly stated on its label (see FD&C Act § 501(b), 21 USC 351(b)). FDA typically cannot share application-specific information contained in submitted regulatory filings with third parties, which includes USP-NF. To help ensure that a drug continues to comply with compendial standards, application holders may work directly with USP-NF to revise

official USP monographs. More information on the USP-NF is available on USP's website as <https://www.uspnf.com/>.

REQUIREMENTS AND RECOMMENDATIONS POST APPROVAL

Under applicable statutes, regulations, and guidances, your ANDA may be subject to certain requirements and recommendations post approval, including requirements regarding changes to approved ANDAs, postmarketing reporting, promotional materials, and annual facility fees, among others. For information on post-approval requirements and recommendations for ANDAs and a list of resources for ANDA holders, we refer you to <https://www.fda.gov/drugs/abbreviated-new-drug-application-anda/requirements-and-resources-approved-andas>.

Sincerely yours,
